FOR IMMEDIATE RELEASE

SUNHILLO CORPORATION SELLS ITS SUBSIDIARY, SUNHILLO TECHNICAL SERVICES (STS)

West Berlin, New Jersey, May 1, 2019 – Sunhillo Corporation, a leading supplier of both products and services to the FAA and the ATC/ATM business community, announces the sale of Sunhillo Technical Services (STS) Corporation, formally a wholly owned subsidiary company of Sunhillo Corporation, to Enroute Computer Solutions (ECS) of Atlantic City N.J. for an undisclosed price. The sale is effective immediately and includes all existing FAA contract services work under contract with STS.

“This is an exciting opportunity for both companies”, said Dave Whitman, President, Sunhillo Corporation. “For Sunhillo, this sale enables us to focus our energies into our core product and systems solutions areas of expertise, while still providing services support to the FAA through the parent company. This sale will also make it possible for Sunhillo to invest more resources into a next generation of Sunhillo products and systems solutions for the ATC community, the FAA and future programs.”

For over 25 years, Sunhillo Corporation has been providing products, services and expertise to the FAA, US DOD, Air Traffic Control (ATC) industry, and Air Traffic Management (ATM) partners worldwide. Sunhillo has become the preferred provider of surveillance data distribution products, services and systems to the FAA, the U.S. Navy, U.S. Air Force, and civilian ATM providers in Asia, Europe, South America and the Middle East. Sunhillo Corporation also provides hardware and software engineering, second level engineering support, test and evaluation services. Sunhillo Corporation has a long history in providing solutions support, as valued teaming partners, on FAA NextGen initiatives including the STARS, TAMR, ADS-B, DCIS, and AIM programs.
